Physical & Occupational  
Therapy

March 5<sup>th</sup>, 2020

**RE Patient:** Sheheblykin, Vladislav-Aleksandrovich

DOB: 12-Apr-2011

**Official Confirmation of Patient Treatment**

**For Purposes of: Foundation/US Embassy for Visa Request**

Please be advised that Sheheblykin, Vladislav-Aleksandrovich is scheduled for surgery at Paley Orthopedics & Spine Institute, 901 45<sup>th</sup> Street, West Palm Beach, Florida with Dr. Paley to undergo lengthening of his left femur and left tibia. Surgery is scheduled for August 13<sup>th</sup>, 2020.

The following dates are scheduled for in-clinic:

August 10<sup>th</sup>, 2020 @ 08:00AM - Registration with the Nurse "PAT"  
Kimmel Building Pre-OP

August 10<sup>th</sup>, 2020 @ 10:30AM - Patient arrival for consultation with Dr. Paley

It will be required for Vladislav to stay for about 6-8months total to finish all of the treatment including the physical therapy that is very important post of surgery. Please grant the necessary visa for the family. This type of deformity if treated in Europe does not have the same best results.

If there are any further questions please feel free to contact Bernadetta Soja, my International Patient Coordinator at [bsoja@paleyinstitute.org](mailto:bsoja@paleyinstitute.org) or call directly 561.758.6696

Sincerely,

Dr. Dror Paley, MD.
